TEST REPORT

Wood Plastic Composite Material

Water and Moisture Proof

Sharper-WPC contents only 0.05% water of its own, which is far below the normal solid wood. Its swelling thickness is only 0.2%, which is far better than the standard of the Ministry of Forestry Wood sheet. Therefore...Sharper-WPC has leading position in the industry for water and moisture resistant.

Mechanical Performance

Sharper-WPC has high strength and toughness. Test results show that the product screw holding of side is up to 2733N (State Forestry standard 800N), board surface nail holding power up to 3111N (State Forestry Standard 1000N); Bending strength and Bending Elastic Modulus are up to 40 MP and 4639MP (State Forestry standard 20MP and 1800MP). The mechanical performances of Sharper-WPC is in a leading position in the industry.

Weather Resistant

Sharper-WPC profiles adopt a unique formula to optimize its weather resistance. It has long-term usage in the larger environment temperature range (-30°C-70°C), and will not make it appear bad, aging and broken under sun exposure and moisture environment.

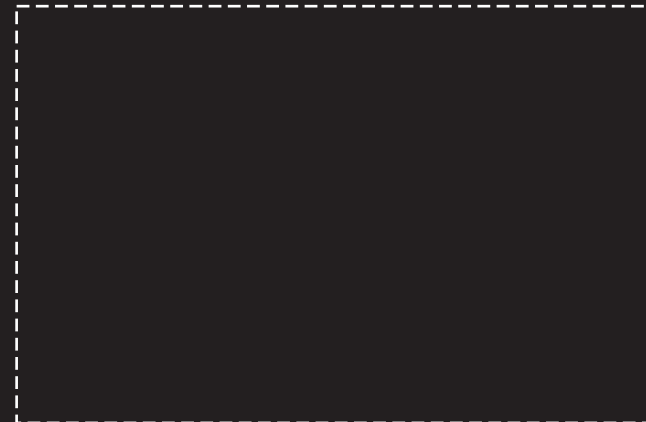

Environmentally Friendly

Sharper-WPC uses the waste timber and its raw material, and can be recycled. In production processing, it does not produce any emissions and waste water. Formaldehyde emission test result is less than 0.2, which is far below the national standard, and has reached the international advanced level.

Company Profile

' A ONE STOP FLOORING SOLUTION'

Floor is silent witness to all our activities. Thus it plays a pivotal role around which everything else rotates. Keeping this inherent requirement in mind, Sharper Image floors Pvt. Ltd. A total flooring solution company, has brought the world's Finest flooring range for the Indian consumers over the last 10 years. Headquarters in Shop No. 50A, Sab Mall, Sector-27, Noida - 201 301 is run by hard-core professionals, who are committed to provide the best to the Indian consumers.

By launching Sharper Image Floors in the Indian market, we have tried to give our Indian customer, a one-stop solution for their flooring needs. The product profile of Sharper Image Floors Pvt. Ltd. Includes Wooden Laminated Floorings, Hardwood Flooring, Imported Hardwood flooring and Parquet flooring and wall coverings. All these products are brought to India from the best companies in the world.

Wooden Laminated Flooring meets all the criteria of modern living. Stronger and more durable than conventional floors, its surface withstands the rigors of day-to-day life efficiently. It is totally maintenance-free (no Waxing, Sanding etc) & hygienic.

The world over wooden flooring has replaced traditional marble and stone as the choice for interiors in human's constant search for a more functionally evolved and aesthetically superior floor surface material. Sharper image's range of Wooden Laminated Floors, manufactured with the latest and the best technologies, are resistant to scratch, Stain, Fade, Pressure Marks, Termites, household chemicals and slip. Being non-conductor of heat and electricity you can loiter around your sweet home without feeling the pinch of cool winters or heat of harsh summers. The product has been manufactured keeping drastic India climate in mind. Thus the floor offers extra protection against moisture. The company boasts of professionally trained installers who give you floor absolutely world-class. The Company has tie-up with Alsafloor, France whereby they provide the best flooring material in India. The product comes with a warranty of 15-25 Years **warranty against scratchy stain and fade with normal wear and tear only**

Handwood Flooring is in vague since time immemorial. However, Sharper Image Floor Pvt. Ltd. has endeavored to bring this timeless beauty to your homes with ease and at a very modest price. You can get your size of wooden planks in any speices namely, Central Province Teak, Burma Teak, mahogany, so with Sharper Images Floors Pvt. Ltd. You are sure to get your flooring best, as Sharper Image floors Pvt. Ltd. Do the finest flooring in the land.
